DAYBEDS | ÉVOLUTION

Step 1

Take the pillow and sheets for the daybed from the closet near the bed.

Step 2

Remove all cushions from the daybed.

Step 3

Put the fitted sheet on the daybed mattress first. Make sure the elastics at the corners are tight and that the sheet is flat, with no folds or creases.

Step 4

Put the top sheet on and layer it over the fitted sheet, making sure it is evenly distributed on both sides. Fold the bottom corners under the mattress.

Step 5

Put the second sheet over the first. This will be used as a comforter for the daybed.

Step 6

Add the pillow and the additional blanket for more comfort.
